Judge Tyler of Russellville, O., is a visitor in the city today.

Henry Day of Orangeburg, while working a corn shredder yesterday, had part of his hand cut off.

William Stiles, the buyer for the Continental Company, has received about 300,000 pounds of tobacco in this city.

What the city most needs is a City Auditor. As evidence of that fact we refer our readers to a financial report of the Ways and Means Committee read the last meeting of the City Council.

Just received a very handsome line of hand bags. The very latest out. In many colors, elegant quality leather. We are making some very low prices on these goods.

MURPHY, the Jeweler.

NOTICE.

All members of local branch No. 81, United Brotherhood of Leather Workers, are requested to attend meeting tomorrow night, as important business of executive nature will come before the Local. THOMAS LEMBRICK, President. Edward Jackson, Secretary.

Circuit Court.

The time and attention of the Circuit Court was mostly occupied yesterday with the case of William Finn, alias Thomas Lowry, for the snipping of William Varian's diamond pin.

Since the incarceration of this young man in the County Jail last summer many and strong influences have been brought to bear in his behalf.

Nothing has been left undone that gave a ray of hope for his freedom.

Able and painstaking lawyers were employed and every inch of legal ground fought over to the bitter end.

The trial Judge has been impartial and fair throughout, and the Jury that passed upon the evidence and rendered a verdict in accordance with the law and facts was made up of our best citizenship.

After a fair and impartial trial by his peers he has been given a ten years sentence in the Penitentiary.

It is said a new trial will be asked for.

There is a mystery back of this man.

He has a good face and the bearing and manner of a well-bred gentleman.

Perhaps it is the waning impress of a good mother that has not yet altogether deserted him.

One thing has made itself apparent, and that is he has friends of influence somewhere.

Will he go to the Pen?

Milton McElfresh was on trial before Judge Harbeson yesterday charged with carrying concealed and deadly weapons. This was a case on appeal from Squire Lloyd's Magisterial Court and on which the defendant had been fined \$25 and sentenced to ten days in Jail.

The moving pictures in the comedy were a revolver, a bottle of whisky, McElfresh and a Negro.

The Negro in giving his evidence could not get beyond the bottle of whisky,—it was ever before his eyes; as to the revolver, he never once saw it.

McElfresh told the Judge and Jury that he always came out on top and would do so this time. And he did, for the Court decided in his favor.

The case of W. T. Carpenter vs. Dr. Davis, in which the former wants \$5,000 damage from the latter for malpractice, as he claims, comes up this morning.

William Finn, alias Lowry, together with four or five other prisoners, were brought in Court and received sentences this morning.

A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name of E. C. DeWitt & Co. is on every box. Sold by J. Jas. Wood & Son, Druggists.

SOCIAL EVENTS

Owing to the near approach of the Lenten season, when the pleasures and light frivolities of life are given to more serious things, the Misses McClanahan brought their dancing season to a close by giving the class a masquerade ball at the Washington Hall Tuesday night. It was one of the most unique of the season and an evening of real enjoyment to the young people as well as the large number of more sedate and older folks, who were onlookers.

TIMOTHY DESMOND.

Mr. Timothy Desmond of East Fourth street was found dead in bed yesterday noon. He was complaining slightly the evening before and when his wife arose in the morning she left him sleeping, intending to let him rest until a later hour.

Shortly before noon she sent one of the children to call him to dinner. The child returned and said he could not awaken his father. The wife on going to the bedchamber was shocked and horrified to find her husband dead.

Dr. Yazell was sent for and examined the body, and said death had resulted from heart failure, and that he had been dead for five or six hours.

The deceased was a native of this city, and besides a wife and five children he leaves a mother, three sisters and two brothers. He was 44 years of age.

The funeral occurred this morning at 9 o'clock from St. Patrick's Church. Interment at Washington.

American gunners and engineers whose terms of service have expired in the United States Navy are being transported to Japan in great numbers. The exodus has been in progress for some time in a quiet way, the result being the Japanese Navy has secured many of the finest gunners in the world and these at high prices.

Next to the disablement of the several Russian battleships and cruisers the most staggering blow of the war was delivered Tuesday when a Russian transport fleet, carrying volunteer troops, who were being hurried forward to the encampment at Port Arthur, was intercepted by a strong Japanese fleet. Several shots were fired across the bows of the transports, which were captured after a brief, but exciting chase. According to dispatches received at the Japanese admiralty offices the capture was effected at a point off the Korean coast and about 2,000 Russian volunteer soldiers with their complete equipment, a large amount of ammunition and munitions of war, were captured. It is not taken what disposition has been made of the prisoners, but it is probable that they will be brought to Tokio on one of the cruisers of the Japanese fleet. This is the first important capture of the war and the importance is heightened by the moral effect of the incident. Though details are lacking it is altogether likely that a number of prominent Russian officers were among those captured.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25c; regular size, 75c. At Henry W. Ray's Drugstore.

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

UNCLE SAM is maintaining a strict neutrality in the present conflict between Russia and Japan, which is attracting the attention of the world, but for some reason sympathy seems to be with the Japs. No matter where one goes in America there seems a strong undercurrent of sympathy for the Japanese. Possibly this is due to the impression that the Japs are regarded as the "under dog" in the present war. On the other hand, the Russian atrocities in which many Hebrews were ruthlessly slain may have caused the civilized inhabitants of the world to become more or less prejudiced against the Czar and his men. Go where you will, and the present war is being discussed, and you will find that Americans are "pulling" for the Japs to triumph in the present war.

TOBACCO FAIR

Official Colors Have Been Adopted For Awarding Premiums

The Board of Trade Monday evening decided upon the following as the colors for the premiums at the Tobacco Fair:

- First—Blue.
- Second—Red.
- Third—White.
- Fourth—Yellow.

It was decided to have a concert from 10:30 to 11:30 Saturday morning, February 20th, at the Opera-house, to which ladies will be admitted. Let our lady friends from the country be sure to attend.

There will be reduced rates from Louisville and all points on K. C. Division of the L. and N., and Cincinnati and Portsmouth on the C. and O. one fare for round trip, good from Friday until Monday. Tickets on sale Friday and Saturday.

A special train will leave Maysville on the L. and N. at 5:30 p. m. on the day of the Fair. A number of our merchants and factories have not yet contributed anything to help pay the expenses of the Fair. Do not wait to be solicited. Telephone your donation. Help to make it a great day for Maysville.

Quite a number of the members of the Board of Trade will attend the Ripley Tobacco Fair Saturday, February 13th. Those who wish to join the party are requested to meet at the C. and O. Depot in time to take the 8:40 train.

The decided defeat of the Faris Local Option Bill in the Kentucky Senate was one of the good things of the session. Whenever temperance cranks present practical measures they may have some chance; but a law that says the strong saloon vote of Maysville shall determine the sale of whisky at Sardis is not just what most people want.

The late Hon. PAUL HEFLIN of the good county of Fleming urged the passage of his Let-No-Nigger-Vote Bill for the reason that, if it wasn't adopted, "Eastern Kentucky will soon be developed and the state will be made Republican." Thus Mr. HEFLIN, in true partisan spirit, subordinates progress to politics. He would sacrifice the prosperity of his whole surrounding section of Kentucky in order that a few of his narrow-minded kind might hold the petty offices; or, failing in this, he would disfranchise the illiterate black Republicans, leaving the illiterate white Democrats to continue voting for ANDREW JACKSON.

The present trouble between Japan and Russia began in 1895, when by defeating China in war Japan had forced China to recognize the independence of Korea and to grant to Japan the Southern end of Manchuria. Russia, by intrigue, forced Japan to give up Manchuria, seized the surrendered territory and secured a timber cutting concession in the Yalu valley in Korea. Last year Russia advanced the claim that the concession extends to all rivers tributary to the Yalu, and that it gives Russians the right to build railways and to monopolize the port of Yongampho at the Yalu's mouth. Japan declared this meant virtual annexation and was a *casus belli*.

Do not forget the meeting of Tobacco Men at Council Chamber at 2 p. m. today.

Colonel W. W. Baldwin is still confined to his home. He has not been in the city for several months.

The patent power and influence of THE LEDGER was demonstrated in a quarter yesterday, that to one, at least, was of great moment.

IS THIS SO?

Maysville People Can Decide.

You would not accept the word of an utter stranger as readily as that of a person whom you knew. The following statement is made by a citizen, perhaps a neighbor. Read it.

Mrs. Mary Kinsler of 362 East Fourth street says:

Wood & Son's Drugstore, corner of West Second and Market streets, to a relative living in the country who was much troubled with kidney complaint. The results obtained from Doan's Kidney Pills show that only terms of highest praise express the great curative properties of the medicine."

Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says:

"I suffered for a long time with acute Rheumatism in my knee. I tried all kinds of remedies, including an expensive course of electric treatment, all in vain. At the suggestion of my druggist I took a bottle of Paracamph to try. The effect of its use was magical. I got relief at once and after using three or four bottles believe I am permanently cured. It is a wonderful remedy, and upon my advice a number of my friends have tried Paracamph, and the verdict is unanimous that it is all it is claimed to be. I come of my own accord with this statement because Paracamph is a blessing."

Sincerely,
MICHAEL DORAN.

Tendency of the Times.
The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip.) and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by J. Jas. Wood & Son.

COUGH ECONOMY!

It is economy to cure your cough as quickly as you can. You save discomfort and danger by starting the cure as soon as the cough starts. It pays to use the remedy that cures quickest. It pays to have a remedy that is guaranteed. Any remedy will fail once in a while and when it does fail you should have your money back. All the above advantages are secured by using

Chenoweth's Cough Syrup.

We have made it for years. It has every good quality that a cough cure could have. It is pleasant to take, it is equally good for children or adults, and each bottle is positively guaranteed.

Recent Decision of Appellate Court in Railway Case

The Court of Appeals recently affirmed the suit of Green's Administrator vs. the Maysville and Big Sandy Railroad Company, from Green-up county, the opinion being rendered by Judge Settle as follows—

First—Railroads—Damages—Negligence.—Where appellant's intestate attempted to swing upon a moving freight train and in doing so slipped, falling under the car which crushed him to death, there being no proof of negligence on the part of the servants in charge of the train, a peremptory instruction to find for appellee in an action against it for damages was proper.

Second—Same—View By Jury of Place of Accident.—While Section 318, Civil Code, authorizes the trial Court to allow a view of the place of an accident by the jury, it does not compel the Court to grant such view, and it is in the discretion of the Court to grant or refuse it.

W. T. Cole and A. D. Cole were attorneys for appellant; E. L. Worthington and W. H. Wadsworth for appellee.

In the Indian Territory there are 13,864 Indian scholars enrolled in the Public Schools. Of these 5,388 are in the Cherokee Nation, 2,754 in the Creek, 4,783 in the Choctaw and 939 in the Chickasaw.

The Courier is making regular trips in the Maysville-Cincinnati trade.

The Robert P. Gilham and Florence Marmet went up with tons of empties for the Kanawha.

The river above is reported as being full of heavy ice at Pomeroy. It is supposed to be from the Little Kanawha and the Pittsburgh tributaries.

The Keystone State of the Cincinnati and Pittsburgh Packet Company was inspected by Fearn and Dameron, Government officials. She passed through with a clean bill.

The steamer Queen City of the Cincinnati and Pittsburgh Packet Company was pulled out on the Queen City Marine Ways to have her hull overhauled and inspected. There is no anticipation of any serious damage to the hull of the boat.

As soon as the heavy ice runs out of the Allegheny and Monongahela large fleets of coal will be sent South provided towboats arrive in time to catch the crest of the fall. Perhaps a total coal shipment of about 3,000,000 bushels can be made on the present water.

Owners of the steamer W. H. Grapevine have sued the Coney Island Company for damages aggregating \$12,000 in the Federal Court at Cincinnati. They allege that December 26th, when the river was full of ice, the Company changed the position of the Grapevine by placing her in front of the Island Queen, and that when the Grapevine was stove in the Island Queen crew cut her adrift and she sank.

THE CHAPERONS.

Several theater parties have already been formed to attend "The Chaperons" at Washington Opera-house Tuesday, February 16th, and the attendance promises to be a record-breaker, and it behooves those who desire choice seats to be at Ray's Drugstore early Saturday morning to secure them. There has been no attraction at the Opera-house this season that has caused as much comment as "The Chaperons" and it shows that Maysville's theater-goers are appreciative of the local Management's efforts to give them the best attractions possible. To secure "The Chaperons" it required an immense amount of correspondence and a liberal guarantee, and getting them to cancel another city so they could play Maysville.

RUSSIA
VS.
JAPAN!
The dark cloud rests over the "Far East" and "Grim Visaged War" is shaking his shaggy locks.
War is cruel, and it is a terrible thing for Nations to submit their differences to such a bloody arbitrament.
Notwithstanding this, these Nations will have to be fed, clothed and supplied with animals for cavalry and transportation purposes.
American farmers will be called upon to furnish these things in exchange for Russian and Japanese gold.
The prices of land will not get lower. Now is the time to buy good farms, and if you will come to me I will tell you who has them to sell.

When Nerves Burned Out By Strain of Toil and Care

It Gave New Nerve Force

When the pace of modern life has burned up all the nerve force IT BURNS UP THE NERVES THEMSELVES unless new force is supplied. This is a scientific fact. Let it throw its light upon these letters, written by men and women in all walks of life, as you read how Paine's Celery Compound saved and helped them when nervous illness burdened life and utter nervous prostration threatened.

"It Has Been Worth a Thousand Dollars to Me."

NEW YORK, Nov. 19, 1903.

314 W. 47th street.

"Paine's Celery Compound has been worth a thousand dollars to me. I would certainly not take that sum and give back the benefit I have received from your remedy."

"Last spring the strain of professional duties left me a nervous wreck. I went home, and for weeks was nursed by my mother as an absolute invalid."

"My digestion was very weak, and I suffered agonies from neuralgia. Our doctor said it was all due to my weakened nerves, but he was not able to make me any better."

"A girl friend who heard of my illness sent me a bottle of Paine's Celery Compound, with such a cheerful, hopeful letter, telling what it had done for her, that I was encouraged to give it a serious trial."

"I took four bottles, and by the end of summer I was well—absolutely well. My neuralgia was gone and it has never returned."

"And I can eat any kind of food without fear."

"Not since I was a child have I felt such buoyant health and spirits. Our doctor saw me before I returned to the city and he was astonished."

"I am happy to send you this new photograph as a proof of the benefit I have received from Paine's Celery Compound."

WOMEN SUFFER NO MORE.

Philadelphia, Pa., Sept. 25, 1903.—I had sick headaches and was so run down that I often felt that life was not worth living. I had awful pains in my head and could not sleep any length of time. A friend told me about Paine's Celery Compound. I thought I would try it and I had not taken half of the first bottle before I obtained relief, and began to get well. I continued to take your invaluable remedy, and it was not long before I was cured. I feel that I would not be alive today but for Paine's Celery Compound.

MISS CLARA FOWLER, 1306 N. 11th street.

To discouraged women Paine's Celery Compound gives back blessed health and joy of life. It positively cures Heart Trouble, Palpitation, Neuralgia, Indigestion, Dizziness, Weakness and Insomnia. It restores lost strength. It purifies the blood, and is a certain cure for bad or muddy complexions. In a word, Paine's Celery Compound gives new life to women who are ailing and despondent.

"Energy, Confidence and Health—simply matters of good vital force—NERVE FORCE."
—Prof. E. E. Phelps, M. D., LL. D., of Dartmouth University—Famous Discoverer of Paine's Celery Compound.
